MINUTES		
By the President.—Adverting to the conduct of the Advocate-General in advising the Senior Member of Council in his absence to assume the designation of Acting President	5th Jan.	1
——— Fully approving of the donation of Rs. 10,000 for the relief of the sufferers during the late storm	5th Jan.	12
——— Recording a communication submitted by the Secretary to Government, Civil Department, requesting instructions in reference to a communication made him by the Honorable Mr. Chamier proposing to alter the mode of conducting the business of Government hitherto followed during his absence, also a similar communication from the Secretary to Government in the Military Department, and considers it his duty to enjoin the Secretaries strictly to observe, as heretofore, the orders of Government of 12th May last. Directs that a draft answer to the Honorable Court's letter of 19th August be prepared, requesting their instructions and drawing their attention to the advice given by the Advocate-General to the Senior Member of Council, without a communication of any kind from the Government, to assume the designation of Officiating Governor in Council ..	22nd Jan.	1
By the Most Noble the Governor.—With reference to certain notes recorded by the Members of Council, concurs in opinion with the Honorable Mr. Dickinson that no general instructions can be given by the Senior Member of Council, to the Secretaries of his own authority, as by notes containing orders which emanate from himself only, but that instructions should be proposed and submitted for the consideration of the Members of Government in a minute, and proceed from the Governor in Council ..	22nd Jan.	2
By the Honorable H. Chamier, Esq.—Observing the inconvenience arising from the transmission to the Governor of papers on very unimportant matters on which opinions varying in some trifling degree were noted by the Members of Council at the Presidency, and the delay thus occasioned in the transaction of public business; he desired the Secretaries to bring all such papers to Council in the first instance, and to circulate all others for perusal before transmitting them to the Governor. Considers the resolution of Government of 12th May 1846 passed during his absence, and the practice under it not only illegal, but also contrary to the order of the Honorable Court. Notices the circumstances which induced him to seek the advice of the Advocate-General for attaching an official designation to his signature on a Warrant	22nd Jan.	3

	Dates of Proceedings.	Nos.
MINUTES—*continued.*	1847.	
By the Honorable H. Chamier, Esq.—Observes that the Minute of the Most Noble the Governor of the 31st October last affords another proof of the inconvenience of the present mode of conducting business, as it contains a note by his colleage (on one by himself) of the existence of which he was totally ignorant until he saw it for the first time transcribed in His Lordship's Minute. Cites another instance of the kind in regard to the proposition of restoring an enam village. The delay occasioned by this course of business has no limit. Requests that a reference may be made without delay to the Govt. of India for the immediate guidance of Government	22nd Jan.	4
By the President.—Does not understand upon what principle orders were to be given to the Secretaries by the Senior Member of Council without either communication with himself or the Junior Member of Council. Is of opinion that the course of proceeding directed by the Government, under date the 12th May 1846, is the only one consistent with his position and the orders of the Honorable Court, and observes that it has been followed up without difficulty during the Senior Member's absence and without detriment to the service. Sees no ground for a reference to the Government of India on the subject as proposed by the Honorable Mr. Chamier's Minute..	22nd Jan.	5
By the Honorable H. Chamier, Esq.—Referring to the remarks on his Minute of 31st October 1846, and claims from the Honorable Court that support to which he is entitled, while he is endeavouring to meet their wishes without infringing the constitution of Government as by Law established. With regard to the reference to the Supreme Government, it appears that this Government has no option under the Act of Parliament (quoted), but must be guided by the orders and instructions of the Governor-General in Council	22nd Jan.	6
——— Stating his reasons for declining to be a party to the proposed resolution on the Hindoo memorial, and suggesting the omission of a portion of the draft letter calling upon Mr. Morehead for explanation	22nd Jan.	55
By the President.—Sees no ground for the observations made by the Senior Member of Council on the draft resolution on the Hindoo memorial. Has too high an opinion of Mr. Morehead to suppose that he will fail to reply fully to every portion of the statement in the memorial referring to him, recorded	22nd Jan.	56
By the Honorable H. Dickinson, Esq.—Can discover nothing of which the memorialists have to complain on the questions proposed by the Council of Education. Regrets it is contemplated to put any question whatever to Mr. Morehead	22nd Jan.	57
By the President.—Proposing Mr. C. P. Wortham to act as 3rd Commissioner of the Court of Requests in the absence of Mr. Fullerton.	22nd Jan.	61
By the Honorable H. Chamier, Esq.—On the subject of examination of students at the College for the honorary reward, and condemning the course pursued by Mr. C. P. Brown, the Telugu Examiner	2nd Feb.	3
By the Honorable H. Dickinson, Esq.—On the subject of examinations of the students at the College for the honorary reward, and suggesting that Mr. C. P. Brown be called upon to explain his proceeding with regard to Mr. MacDonell	2nd Feb.	4

MINUTES—*continued.*		
By the President.—On the fifth annual report of the Madras University. Regrets the President and Governors should have again called the attention of Government to various points contrary to the orders of the Honorable Court and commented on the proceedings of the Council of Education, cannot therefore sanction the publication of the report in its present state. Before sanctioning the rules for Patcheapah's prize scholarship, thinks the Government should be informed of the character of the ceremony in which, under Rule II, the successful candidate is to take part. Suggests that the report be forwarded to the Council for any observations they may desire to offer. Would sanction the scholarship proposed in paragraph 35 of the report, and communicate to the Head Master and Tutors the approval of Government of their exertions, and to the President and Governors the thanks of the Government for their services ..	1847. 9th Feb.	58
By the Honorable H. Chamier, Esq.—Is of opinion the 5th annual report of the University should be printed as it stands, and the various measures suggested by the Board sanctioned. Thinks the Govt. should express its warm approbation of the voluntary efforts of the native students to promote female education. Suggests that the acknowledgments of Government be tendered to the Head Master and Tutors, Examiners, President, and Governors for their services	9th Feb.	59
By the Honorable H. Dickinson, Esq.—Concurs with the Most Noble the President respecting the report of the University	9th Feb.	60
By the Honorable H. Chamier, Esq.—Observes that a certain draft letter is not in any case a reply, as it professes to be, to the Hon. Court's despatch of 19th August No. 4 of 1846, Legislative Department, but a report of discussions arising out of the official use of notes never intended to be made matter of public record, and condemns the proceedings of Government on the advice given him by the Advocate-General	9th Feb.	63
By the President.—Calls upon the Military Secretary to lay before the Government a memorandum explaining fully the circumstance under which the Advocate-General's note to the Honorable Mr. Chamier was placed before him as an official document. Is at a loss to understand how the government can be carried on if the unofficial opinion of the Chief Justice or that of the Advocate-General is to supersede the orders of the Honorable Court and the Home authorities	9th Feb.	64
By the Honorable H. Chamier, Esq.—Requests the attention of the Honorable Court to the fact that Mr. Norton did not advise him to assume the designation of "Officiating Governor" but "Officiating Governor in Council."	9th Feb.	66
By the Honorable H. Dickinson, Esq.—Thinks that before forwarding to the Court a memorial from certain of the Hindoo community, Mr. Morehead should be requested to explain more fully the statement made in paragraph 4 of his letter of 26th January last, communicated to W. A. Morehead, Esq.	16th Feb.	13-14
By the President.—Proposing Surgeon J. Kellie to be put in charge of the Black Town Dist., Jails, &c., communicated to Mily. Dept.	16th Feb.	22-23
——— Would authorize the Council of Education to adopt every preparatory measure to secure the early establishment of Provincial schools, but not to make any statement at present of the principles on which they are to be forwarded	23rd Feb.	39
By the Honorable H. Chamier, Esq.—Is of opinion that the proposition of the Council of Education to introduce the Bible into Govt. schools should have been at once rejected by Government. Thinks that the institution of Provincial schools should be left to the University Board, and that the Council should not make any statement of the principles on which these schools are to be founded, pending the decision of the Court. Further, that the first school should be established at Combaconum	23rd Feb.	40

	Dates of Proceedings.	Nos.
MINUTES—*continued.*	1847.	
By the President.—Refers to two papers commenting in strong terms on the proposal to introduce the Bible as a class book: that by Mr. Lewin requires no notice, and as to the other, the Minute of the Senior Member of Council, the Court will notice that Mr. Chamier interprets the meaning of his (the President's Minute of 24th August 1846,) as covering a purpose to convert the natives to Christianity, and hinting that this object will be effected by withholding favor from those who do not attend the Bible class. Refrains from replying to this statement, and observes that he would never sanction any measure of importance open to difference of opinion which admitted of delay without awaiting the orders of the Honorable Court. That it has always been his aim to appoint men of instructed minds, local experience and standing in the service, and liberal views, to the Council of Education, without reference to their religious tenets	23rd Feb.	41
By the Honorable H. Chamier, Esq.—If the 1st and 2nd paragraphs of the President's Minute of 1st February 1847 are intended to convey the impression that any part of his business is done in communication with Mr. Lewin, gives such insinuation the most unqualified denial. Has unreservedly stated his opinion of introducing the Bible into the Government schools, and trusts the Honorable Court will notice with suitable reprehension the President's comments on his Minute of 24th December 1846 ..	23rd Feb.	42
By the President.—Mr. Chamier's Minute of 24th December and the letter forwarded from Mr. Lewin having both been before him, he made his observations on them in the same minute as they were both on the same subject. Never intended by this proceeding that such an impression would be conveyed as that stated by Mr. Chamier. Is at a loss to understand on what ground this supposition could rest, and sees no reason to change his opinion as expressed in his Minute of 1st February	23rd Feb.	43
——— Proposing T. H. Davidson, Esq., to be Tamil Translator and Member of College Board on embarkation of Mr. Robertson.	9th Mar.	21-22
By the Honorable H. Dickinson, Esq.—Recommending to the Honorable Court that a small pension be granted the widow of S. Ramasawmy, Head Book-keeper, Accountant-General's office.	16th Mar.	2
By the Honorable H. Chamier, Esq.—Cannot concur in recommending the above pension on the ground of the deceased's services, but as a matter of charity, and with a view to relieve her distress, will be happy to concur	16th Mar.	3
By the President.—Would recommend the widow for a small pension	16th Mar.	4
By the Honorable H. Chamier, Esq.—Recording some of the objections, on public grounds, which have occurred to him in the course of his connexion with Government to the union of the office of Governor with that of Commander-in-Chief in the same person, and requests this minute may be forwarded to the Honorable Court by next mail; brought to the notice of the Honorable Court.	23rd Mar.	47–49
By the President.—Deems it right to place the Honorable Court in possession of facts bearing on the subject of the union of the office of Governor with that of Commander-in-Chief in the same person, and observes that the arduous duties devolving on his Lordship have only been rendered at any time peculiarly burdensome by the almost invariable opposition offered by the Senior Member in Council to the measures proposed and adopted by Government	23rd Mar.	48
——— Proposing Sir H. C. Montgomery to be Secretary to Government in the Revenue and Judicial Departments	23rd Mar.	60
——— Proposes that the application for the support of Government to the Public Garden at Ootacamund be forwarded to the Honorable Court with the strongest expression of approval ..	9th Apr.	3

MINUTES—*continued.*	1847.	
By the President.—Proposing Sir H. C. Montgomery and W. A. Morehead, Esq., as Members of the College Board	13th Apr.	27
——— Proposing Captain Biden as Protector of Emigrants to the Mauritius	27th Apr.	23
By the Honorable H. Chamier Esq.—Suggests, in lieu of furnishing the Government of India with the report of the University Board of the 20th March last, the last annual report received on the 12th August 1846, upon the proceedings and prospects of that institution, should be forwarded	22nd June	36
By the President.—Observes that, under the orders of the Court, the University has at present no existence; that therefore there is nothing to report to the Government of India on the subject. Concurs entirely in the remark of the Honorable Mr. Dickinson that the University Board are not interdicted from discussing any subject connected with education. Does not concur in submitting to the Government of India a report which this Government has ordered to be modified	22nd June	37
——— Proposes C. F. Chamier, Esq., be appointed to act as Secretary to the University and College Board	29th June	33
